SUMMARY

Flutter Developer with hands-on experience building and maintaining cross-platform mobile applications for Android and iOS. Skilled in Flutter, Dart, Firebase, REST API integration, MVVM architecture, and offline-first solutions using Isar Database. Experienced in collaborating with Agile teams, optimizing application performance, and delivering scalable, production-grade mobile applications.

TECHNICAL SKILLS

Languages & Frameworks: Flutter, Dart
State Management: Provider, GetX
Backend & Cloud: Firebase (Auth, Firestore, Cloud Messaging), REST APIs, JSON Serialization
Architecture: MVVM, Clean Architecture principles
Database: Isar Database, Hive Database (offline storage & sync)
Tools & Workflow: Git, GitHub, Version Control, Android Studio, VS Code,
Mobile Development: Mobile App Deployment, App Localization, Responsive UI Design, Material Design
Additional Skills: Debugging, Performance Optimization, API Integration

EXPERIENCE

Flutter Developer | Code Stars Pvt Limited *September 2025 – Continue*

- Developed and maintained multiple production-grade Flutter applications for Android and iOS platforms.
- Integrate REST APIs and Firebase services (Auth, Firestore, Cloud Messaging) into mobile applications.
- Collaborate with UI/UX designers and backend engineers in agile sprint cycles.
- Identify and resolve performance bottlenecks, reducing app crash rate through systematic debugging.
- Implement responsive, accessible UI components adhering to Material Design guidelines.

Flutter Developer | Global Financial Media *July 2025 – September 2025*

- Built real-time Flutter applications for financial data display in a professional production environment.
- Applied MVVM architecture to maintain scalable, testable code across multiple features.
- Implemented Isar Database for offline data storage and background synchronization.
- Designed responsive UI components following modern UI standards for financial dashboards.
- Collaborated with cross-functional team to debug and resolve critical application issues.

Flutter Developer (Internship) | AI-RightTech Pvt Limited *October 2023 – December 2023*

- Assisted senior developers in building Flutter applications using standard widget patterns.
- Learned and applied state management techniques including Provider and GetX.
- Contributed to chat application feature development and UI implementation.
- Participated in code review sessions and presented completed features to the team.

EDUCATION

Bachelor of Software Engineering *2019 – 2023*

Kohat University of Science & Technology (KUST), Kohat, Pakistan

CERTIFICATIONS

- Flutter Development Certificate — Kamyab Jawan Program
- Web, Software & Mobile App Development — NAVTTC
